Edge Bench

New bench design with edge, available in Black or Brown colour. New seating design offers pure and simple lines that will add contemporary touch to outdoor and indoor spaces. Simplicity of form guarantees hassle free fabrication and easy ground anchoring.

We currently offer two lines which can be placed as an individual piece or positioned together, transforming simple designs into a variety of shapes which will enhance today's urban spaces. All components are manufactured from one size profile resulting in a coherent yet elegant look with solid structure.

1800mm long (can be manufactured longer or shorter)

450mm high

Seat width 355mm

Frame width 435mm

Available flat pack and fully assembled

None absorbing, Weather prove, Ever lasting, Recycled
